Church Revival | Mill Valley

Church Revival | Mill Valley

Church Revival | Mill Valley

Our featured project is a remodel of an old church, originally built in the 1930's, which incorporates both a respect for the past and a revived styling to meet the client's vision.

Holly Hollenbeck of HSH Interiors led the design team, bringing in unique fixtures and materials used throughout the house. The interior living spaces are creatively situated to tastefully showcase the uniqueness of remodeling an old church into a beautiful, peaceful home for the family.

Though the church bell shown in the picture above is not original, the pealing of the bell resounds with joy for this fabulous remodel.

Check it out on Houzz and our website: www.calettijungsten.com.
